Social Stories

Home - Carol Gray - Social Stories

To write a Social Story is to assume an invitation into the mind of a child, adolescent or adult with autism... Let's be careful in there. Welcome to CarolGraySocialStories.com...I am glad you stopped by.

Alert Program

Self-Regulation Alert Program® Online | AOTA Approved Provider

The Alert Program® has boiled down complex theory to create simple, practical solutions you can incorporate into your every day living. One of the analogies we use with children is, "If your body is like a car engine, sometimes it runs on high (hyped up), sometimes it runs on low (lethargic), and sometimes it runs just right (alert and focused)."

Sally-Anne Scenario

Understanding autism: Theory of mind and the Sally-Anne test - CfEY

Children with communication disorders' responses to a long established psychological test may have been ignored or altered for many years according to recent IOE research. Since 1985, psychologists have used the 'Sally-Anne test' to examine children's 'theory of mind'. Theory of mind refers to people's ability to understand that other people have mental states-beliefs,...

Learn the Signs - Act Early

Learn the Signs. Act Early

The Centers for Disease Control and Prevention's (CDC) National Center on Birth Defects and Developmental Disabilities (NCBDDD), in collaboration with a number of national partners, launched a public awareness campaign called "Learn the Signs. Act Early." The campaign aims to educate parents about childhood development, including early warning signs of autism and other developmental disorders, and encourages developmental screening and intervention.

Autism Spectrum Disorder (ASD) | NCBDDD | CDC

Autism Spectrum Disorder (ASD) are a group of developmental disabilities that can cause significant social, communication and behavioral challenges.

CDC is committed to continuing to provide essential data on ASD, search for factors that put children at risk for ASD and possible causes, and develop resources that help identify children with ASD as early as possible.
